Handles Silver anodized aluminium.	Round lid with Heating drawer. Handles Silver anodized aluminium.	Flat lid with Heating drawer. Handles Silver anodized aluminium.	Flat lid with Heating drawer. Handles Brass anodized in aluminium
------------------------	--	---	--	---	--	---

- **Combination Grill** - JensenGrill is a **combi** grill enabling use exclusively with **charcoal, gas or both simultaneously**. This delivers superb flavour with excellent thermal control. The coal is ignited in 10 - 12 minutes using the powerful burners gas. Additionally the gas can be used to supplement the charcoal heat or solely use the gas as a traditional gas grill.
- A handle in the front easily regulates the distance between the grill grate and the coal in order to adjust the heat quickly. Flexible placement of the coal trays enables direct or indirect heat. The gas is ignited & regulated by 3 control knobs.
- JensenGrill comes with 4 (2 lockable) quality TENTE stainless steel wheels.
- **Stainless Steel** - JensenGrill is produced in strong "304" Corrosion resistant stainless steel so JensenGrill can therefore be outside all year around - for many years.
